CARTER IN N. Y. TALKS OF FREAR INVESTIGATION

Tells New York Times There Was Nothing to Charges Made by Kuhio

Ex-governor George R. Carter told the New York Times that the charges against Governor Frear were based on nothing.

This interesting statement, especially interesting as viewed in the light of what Carter told, or tried to tell, Secretary Fisher, is contained in a long interview published in the Times of September 24. The interview says: Ex-Gov. George R. Carter of Hawaii arrived in this city yesterday from Honolulu, after having made several stops on the way across the continent from San Francisco. Aside from politics, he said there were two things that were of keen interest in Hawaii now: One, the investigation into the administration of Governor Frear, which Secretary of the Interior Fisher is conducting for President Taft; and the other, the fact that much of the labor that has been imported to work the sugar plantations doesn't stick, and so just now the sugar growers are short of hands.

"Business is very good generally in Hawaii," said Gov. Carter yesterday, at the Belmont. "However, we are expecting low prices in sugar, on account of the big production in Europe. There is nothing we can do but make our expenses less. The crop in Hawaii will be of the average kind."

"The laborers that have been imported from time to time in the last few years from Portugal have proved a cause for worry, and our labor situation is still difficult. We still bring in the Portuguese, but it seems that as fast as they arrive in Hawaii they make their way to California. It is like shoveling daylight into a dark cellar. It looks now as if we shouldn't be able to permanently take care of the labor situation until after the opening of the Panama Canal, which will probably bring immigrants direct to San Francisco."

"I don't know the figures as to the number of Portuguese we have imported, but they are large. Anyhow, every steamer that leaves Honolulu for San Francisco takes more than 100 or 200 away. In my opinion these immigrants are using us in order to get their passage paid as far as Hawaii. Our territorial government taxes us to obtain money to pay the passage of these people to the territory, but no agreement is signed. The immigrants are left to do as they please. They are absolutely free agents. Of course some few take to working on the plantations, but the proportion is small."

"On the other hand, the Filipinos who have come to Hawaii to work are doing very well, contrary to what everybody prophesied at the beginning. I cannot explain this, unless it is that they are affected by an environment of energy and effort. The labor scarcity is not so serious as it was a while ago, but at the same time it is a serious problem—more to worry over than the price of sugar."

"The appropriation made by the Legislature for the importation of laborers is now practically exhausted, and there is an agitation on foot to stop chartering vessels and giving free passage to the islands. I don't very much whether the next Legislature will carry on the appropriation."

"When I left Honolulu, Secretary Fisher, who went out there to investigate Gov. Frear, had been there two days. This matter of the investigation of the Governor has been harmful for Hawaii. For eight months Gov. Frear has been waiting for President Taft to reappoint him or remove him, and every question of policy has been at a standstill. Now, whatever decision is made, somebody's feelings are going to be hurt. Both sides sent delegations to the Chicago convention endorsing Taft, hoping to win the support of the Administration, and the latter seems to have flinched with both sides. I don't think either side was encouraged, but the delay and indecision has been very harmful to the territory."

Just what acts of Gov. Frear are being investigated? Gov. Carter was asked.

"That is something most of us would like to find out," he replied. "Charges were preferred by the Hawaiian delegate to Congress, Prince Kalaniano'le. Unsatisfactory administration was the substance of them, and they were answered a month ago. As matters are now lined up, the native Hawaiians on the one side, and the whites on the other. Most of the former are backing the Prince and they seem to fully believe that President Taft is going to sustain the charges. Gov. Frear is backed by all the intelligent people of the territory."

"But there must be something on which these charges are based, even if they are false," was suggested. "Nothing to Charge," asserted Gov. Carter. "As near as I can ascertain, the trouble comes from personal differences between Gov. Frear and the territorial delegate, and the worst feature of the situation is the feeling of the natives that if Taft was not going to remove the Governor he would have decided the case long ago."

"While the issues in our campaign at home are purely local, there is, of course, the keenest interest taken in the National election. But we have been able to get no real news there. I left Honolulu after feeding on the news furnished out there, thinking that the Progressive Party was almost down and out. I anticipated that when I reached San Francisco I would have this confirmed, but I

CASTORIA

for Infants and Children.

Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have paregoric or laudanum to make it sleep. These drugs will produce sleep, and a few drops too many will produce the sleep from which there is no waking. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody, without labeling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without your or your physician know of what it is composed. **Castoria does not contain narcotics.**

The signature of *Dr. H. Fletcher* guarantees genuine **Castoria**. **Physicians Recommend Castoria.**

"I have frequently prescribed Castoria for common ailments of children with good results." **W. A. CRANDALL, M. D., Buffalo, N. Y.**

"As the father of thirteen children I certainly know something about your great medicine and, aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home." **W. J. McCORMACK, M. D., Omaha, Neb.**

"I find your Castoria is very beneficial in the treatment of children's ailments." **F. DAVIS, M. D., Chicago, Ill.**

"I object to what are called patent medicines, where maker alone knows what stuff is put in them, but I know the formula of your Castoria and advise its use in proper cases. I judge it to be a very useful, as well as harmless family medicine." **N. B. SIZES, M. D., Brooklyn, N. Y.**

want to tell you that when I landed I got a different impression, and this was strengthened as I came East. Out there we have not heard anything of dissensions among the Democrats. What I have gathered during my progress across the country is that the election is by no means 'sure' for anybody."

"Yes, Hawaii has begun to get ready for the opening of the Panama Canal. The harbor of Honolulu is being fixed up. The Standard Oil company is building at Honolulu the largest oil tank on the Pacific Coast. This is expected to be needed for supplying the increased trade in the Pacific with fuel, and Honolulu is to be made a great distributing point."

"The discussion of the Panama Canal bill and the exemption of coastwise vessels from toll, is being discussed in Hawaii as well as elsewhere. I think the majority of people out there agree with the pronouncement of the Austrian Emperor, that this is a subject above all arbitration."

Gov. Carter said he did not expect to take part in the campaign here.

HAWAII CHINESE SAYS HE'S O. K.

MANILA, P. I.—Declaring most emphatically that he is an American citizen, Wong Wai, formerly a resident of Honolulu, has instituted habeas corpus proceedings seeking the release of himself and family from detention by the collector of customs.

Wong came to Manila last May from Hong Kong, arriving on the Rubi. He was immediately detained by the customs authorities, and his case presented to the board of special inquiry, which ruled against his admission. Appeal to the collector resulted in a confirmation of the findings of the board, and Wong, his wife and two children, were denied admittance to the islands.

The findings of the board of special inquiry were based on the Chinese exclusion act of 1902, which Mr. Beaumont, attorney for the Chinaman, claims is not applicable in the present case, his client having become a naturalized citizen by residence in Honolulu, where it is alleged his papers were taken out.

The complaint further recites that the board of special inquiry did not take cognizance of testimony offered by the plaintiff, and denied his claim to admission on unsupported evidence and Wong's inability to remember the names of the witnesses to his oath.

Some men never quarrel with their wives because it costs too much to make up.
